PubMed searches:

Personalising your search

ARIIA PubMed searches are designed to retrieve aged care content on a particular topic. You can focus that topic further to an area of your own interest by following these steps.

1. Each ARIIA PubMed search will take you to the PubMed results page. Once here, click your cursor at the end of the search string in the main search box.

ARTICLE ATTRIBUTE	Cochrane Database Syst Rev. 2016 Jan 13:2016(1):CD011145. doi: 10.1002/14651858.CD011145.pub2. PMID: 26760674 Free PMC article. Review.			

2. Enter your term or phrase (note: if you use a phrase, use "quotation marks"). Leave a space between the last bracket, then add AND with a space, then add your term or phrase. Then click search.

3. To add additional synonymous terms or phrases, repeat step 2 and use OR after each added term. Enclose these terms combined with OR in brackets as shown in image below.
