Exclusive In-house Innovator Training Program

Have a problem?

**Lock in your dates now for ARIIA
In-house Innovator Training.**

Do you:

- have an organisation-wide or cross-organisation problem to solve.
- want to find the best evidence to make a change.
- want to develop your staff to find brave and innovative solutions.
- need help to develop a tailored solution and an appropriate implementation plan.

Then you can book your exclusive **In-house Innovator Training Program** to enable continuous improvement specifically for your organisation.

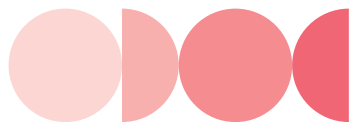

A flexible training program to increase the skills of the aged care workforce to embed evidence-based change.

The **ARIIA In-house Innovator Training Program** is a flexible training program delivered by highly-skilled, aged care specialists.

It is an exclusive, bespoke program to empower your staff to make changes within your organisation, with brave and innovative solutions.

Participants will learn how to understand a problem, find a best-practice evidence-based solution, adapt it to their situation, plan its implementation and measure the outcome of the change.

You can even create a group with other like-minded organisations that are facing similar challenges and implement solutions to improve the delivery of care or services.
